Purpose

- We want to spread Tsugaru lacquerware all over the world.

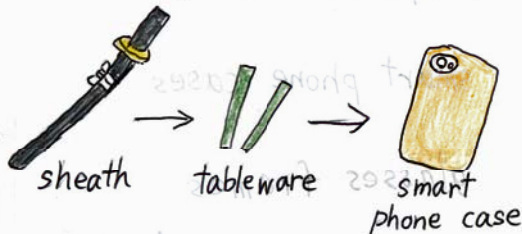

Motive

What does everyone know about Tsugaru lacquerware?

We wanted to know the answers.

History of Tsugaru lacquerware Types

- Born from 1646 to 1710
- Tsugaru Nobumasa encouraged it.
- A lot of people were trained in "Tsugaru nuri" at that time.

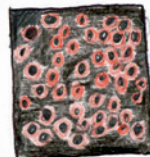

Japanese lacquer component

Japan uses "Urushi oru"

"Urushi oru"'s main ingredient is resin component.

◦ Tang coat
It has 48 steps to make.

◦ Nanako coat
It is wrapped in rape seed blossoms.

◦ Monsya coat
It is sowed and sharpened with carbon powders.

◦ Brocade coat
It is similar to Nanako coat.
