

SSH RESEARCH

o Apple park

- About 65 species.
There are 1,300 apple trees.
- There was a reproduction of an old farm house from the Edo period.
It introduces old farm equipment.

o Fujita's ice cream shop

- This ice cream is traditional Karan Karan ice cream.
- Ice cream stands were born in Nagasaki.

o Gold Park

"Providing trust and drinks to please our customers" is their motto.

CONSIDERATION

- The taste of foreign countries' apple pies is more acidic than Hiroasaki's apple pies.
- Also Hiroasaki's pie dough is different than foreign dough.
- There were different tastes, but the shape stayed the same.
- From these things, we feel apple pie is loved by the whole world.

PURPOSE

To solve the difference between apple pies in the world and the one's of Hiroasaki.

MOTIVE

We are familiar with apples around us, so we wanted to research.

HYPOTHESIS

While the apples of the world are the same shape, there are many different kinds. We think the apple pies will taste different for each kind.

RESEARCH CONTENTS

	WORLD	HIROSAKI
The number of varieties	About 15,000 species.	About 50 species * For comparison Japan has 2000 species.
Appearance of pie	<ul style="list-style-type: none">• America... The dough is layed up and down.• France... The dough does not cover the top, only the bottom.	The dough is laid in a stitch pattern * Making a stitch pattern is peculiar to Japan it looks good. It is said that when apple pie is baked, it gets heat free so it does not break.
Taste	<ul style="list-style-type: none">• U.K... Sugars aren't used much. Cinnamon doesn't fit with apples.	Most apple pies are made with sugar.
Apples for apple pie	<ul style="list-style-type: none">• Australia... Granny Smith Pink Lady• Canada... Asahi	Kogyoku is the most used of all apple types.
An apple pie is ...	<ul style="list-style-type: none">• America... Apple pie reminds them of mother's cooking just like Japanese miso soup.	Desserts that represent Hiroasaki. Local people are fond of apple pies.
