Weather of Aomori

Hirosaki Minami High school
11-6

Reference → Pamphlet of the Japan meteorological Agency

MOTIVE

We want to know about disasters and land in our local area.

PURPOSE

To learn about distinctive features of weather in Aomori and effective safety.

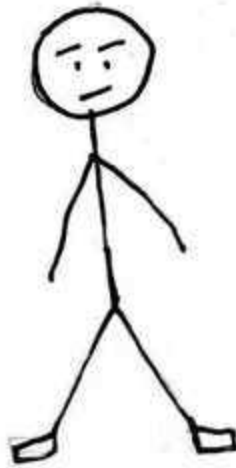

① Shovel snow off the roof top

- Cooperation with neighbor
- Put on safety line

neighbor

When we walk on the rooftop, we walk like penguin.

② Cold weather

Suffered crop failures due to cold weather.

* Yamase

→ Blow cold wind in summer.

Fire

Occur many times in fall and winter.

- o We often use heaters.
 - o The weather is very dry.
- Easy to cause fire.
