- ③ Put soy sause on egg.

source : Azinomoto

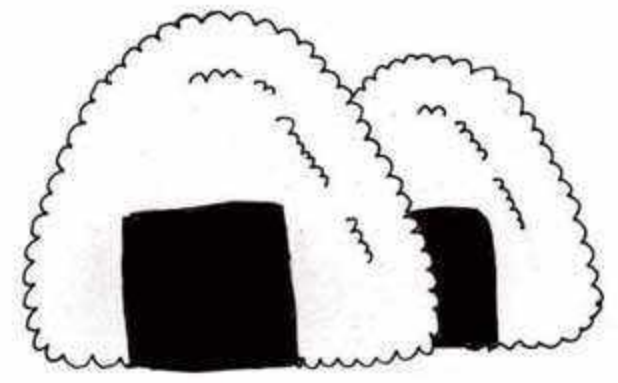

★ Summary ★

After investigating Aomori Prefecture rice, we found that the farmer took time and effort to get rid of disease so that rice would not get sick.

From now on, we would like to spread it so that everyone can know the goodness of Aomori rice.

The Staple Food Rice

★ Purpose ★

Let's spread the goodness of Aomori rice.

★ Motive ★

We think we know how to make Aomori rice. Also, how farmers get rid of rice disease. Our team wanted to know more about the above.

★ Rice disease ★

Rice blast Cause

A type of mold that occurs in humid environments.

Measure:

Thoroughly disinfect using healthy seeds.

Sesame leaf blight

Cause

There are many outbreaks in autumn or aged paddy fields.

Measures

Soil improvement.

Add organic fertilizer.

★ Aomori Rice ★

Tsugaru Roman

Puffy texture with low pest generation and the ability to make rice with as little chemical fertilizer as possible.

Seiten no hekireki

Aomori Prefecture's first special A rice. The grain is large and has a plump and glossy finish that is sticky.

Masshigura

Characteristic
There is moderate elasticity and less stickiness.
