

## < Agricultural output >

## < Vegetables >

- Carrot
- burdock
- Yam

## < Livestock farming >

- Horse · pig · Cow

## < Fruit >

- Peach
- Watermelon

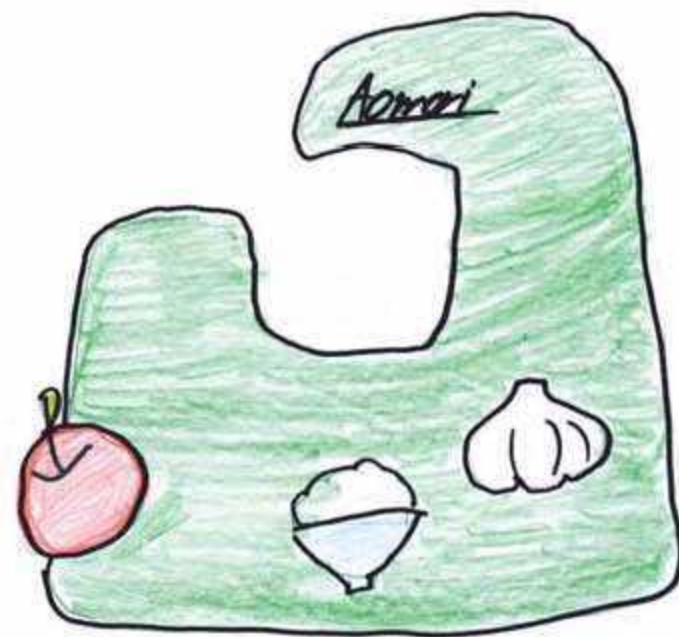

## < Conclusion >

- Farm, Apples, Rice, and Garlic in Aomori were processed.
- New processes are hope.
- We think that we should promote our food to some foreigners and tourists Δ PR

② We think that it is important for us to save the environment. And we hope to save processed food.

## Processed Food in Aomori

Hirosaki Mirami High School
